My fellow West Virginians,

2025 will be remembered as the dawn of a New American Golden Age. It has been my honor to serve you in Washington as I worked shoulder to shoulder with President Trump to rebuild the American economy, unleash West Virginia energy, rein in wasteful government spending, reverse the high prices caused by the Biden Administration's Policies, stand up for the people of West Virginia, and make life better for American workers and their families. In light of these tremendous victories, I'm proud to present this annual report which documents my first year working for you in Congress.

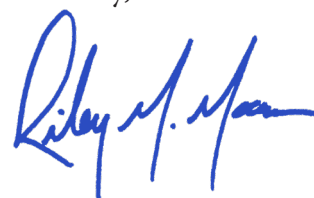

On the House Appropriations Committee, I'm securing hundreds of millions of dollars for infrastructure investment and job creation. In this report, you will find a list of projects I've successfully included in the House's budget bills. Beyond these federal dollars for West Virginia, I'd like to share a few additional highlights from this year.

The new year, I expect, will bring a renewed federal focus, led by the Environment Protection Agency, on West Virginia communities struggling with water contamination. This investigation was launched because of an amendment I offered to the Department of the Interior budget. My argument showed other Members of Congress the raw images of life faced by many West Virginians – washing machines filled with black water and jars of “drinking water” tainted by brown contaminant.

As your representative, I've promoted West Virginia, especially our district, as a great place for companies to locate. In August, I brought one of the largest defense manufacturers in the world to North Central West Virginia Airport. My team and I are working toward historic development of our state's natural resources – companies looking to create jobs through investment in our coal, critical mineral, steelmaking, and manufacturing industries.

Our people are too often forgotten or ignored by Washington. That's why, when I took office on January 3rd, I directed my staff to prioritize making West Virginia's voices heard to bureaucrats. Since then, we have broken loose more than \$4 million from the federal government that was owed to the people of West Virginia. My inquiries resulted in the release of West Virginians held hostage by foreign governments, saved access to public drinking water for thousands of West Virginians, and more.

Sincerely,

Riley M. Moore
Member of Congress

“I’m proud to present
this annual report

you in Congress.”

Conservative Leadership

H.R. 738 THE U.S. RECIPROCAL TRADE ACT

Empowers the President to address harmful trade imbalances caused by foreign tariffs and non-tariff barriers placed on U.S. manufactured goods

“American manufacturing has endured decades of decline under the globalist system that has hollowed out our industrial base and shipped countless jobs overseas. Leaders in both political parties deserve blame. But **those days are over.**”

“President Trump was the first national politician in

my lifetime to recognize this problem and work to reverse that trend. With the U.S. Reciprocal Trade Act, we’ll give the Executive the leverage necessary to go to bat for the American people and achieve tariff reductions on U.S. goods.”

H.RES. 866

Condemning the persecution of Christians in Nigeria and standing ready to support President Donald J. Trump in taking decisive action to end the existential threat that persecuted Christians face in Nigeria

“The United States must make it clear that **we will not tolerate** the slaughter of Christians or the persecution of anyone for their belief in Jesus Christ.”

“My constituents sent me to Washington to defend the unborn and promote a culture of life. **That’s exactly what I’m going to do.**”

H.R. 21 THE BORN ALIVE SURVIVORS PROTECTION ACT

Protects the rights of babies that are born alive during an attempted abortion

H.R. 1181 THE PROTECTING PRIVACY IN PURCHASES ACT

Prohibits financial institutions from tracking gun & ammo purchases

“I’ve spent the better part of my short career in public service fighting financial institutions that push a political agenda. Let me be clear: any attempt to collect data on Americans simply exercising their God-given

rights is wrong, and I won’t stand for it. We’ve seen how the Biden Administration policies pressured financial institutions to hand over data on their customers, and the possibility of a private database of gun owners falling into the hands of a future anti-gun administration is unacceptable.”

“This is just the first step I aim to take in ushering in a new era that **makes raising a family possible for the next generation.**”

H.R. 2732 FAIRNESS FOR STAY AT HOME PARENTS ACT

Prohibits employers from “clawing back” employer-paid health care premiums for an employee who decides not to return to work following the birth of a child

H.R. 2282 RESPECT PARENTS’ CHILDCARE CHOICES ACT

“Being pro-life means being pro-family, and with this legislation, we’re empowering families to choose what works best for them.”

Big, Beautiful Wins for WV

insanity. They demanded secure borders, lower costs, and a return to commonsense.

The One Big Beautiful Bill delivers on that America First policy agenda. I proudly voted ‘Yes’ on this historic legislation.”

Securing our Southern Border

“This bill provides the largest border security investment in America’s history – \$175 billion to finish the wall, hire thousands of new ICE and Border Patrol agents, and conduct mass deportations – giving the President every tool he needs to restore our national sovereignty.”

- ✓ **Hires 18,000 new ICE Agents, Border Patrol Agents, and CBP Officers to conduct the largest Deportation Effort in History** †1
- ✓ **Restores the “Remain in Mexico” Policy dismantled by the Biden Admin’s Policies**

- ✓ **Raises the Child Tax Credit**
Permanently increases the Child Tax Credit to \$2,200 per child, reducing the tax burden for working families raising children.
 - ✓ **No Tax On Tips**
Hard-working tipped workers like waitresses, Uber drivers, barbers, and hair stylists see their take-home pay boosted by \$1,700.
 - ✓ **No Tax on Overtime**
Workers putting in long hours, like coal miners and police officers, are finally rewarded, seeing their incomes rise by \$1,750.
 - ✓ **No Tax on Social Security**
Seniors on fixed incomes will keep more money in their pockets.

Tax Relief for Working Families & Seniors

“We also provided the largest tax cut in American history – no tax on tips, no tax on overtime, and 88% of seniors will pay no taxes on Social Security.”

Powering our Economy

“The bill also embraces fossil fuels to power our economy, reindustrialize the heartland, and beat China in the AI arms race. It fully defunds Planned Parenthood, invests in a 21st century military, increases and makes permanent the Child Tax Credit, permanently extends important business tax credits – including the Section 199A deduction – and cuts spending by more than \$1.35 trillion.”

“President Trump’s signature legislation is a huge win for the American people that puts our nation on the path to a new Golden Age.”

The Power of the Purse

Alongside Congressman Riley Moore, the House Appropriations Committee is advancing conservative legislation that protects our way of life and invests in rural communities like those in West Virginia.

- Prevents the Department of Justice from suing state or local governments over laws that protect the unborn.* †1
- Cares for our troops and their families by including a 3.8% raise in basic pay for all military personnel effective January 1, 2026.* †2
- Protects the homeland by empowering the Secretary of Agriculture to review agricultural transactions made by China, Russia, Iran, and others. †3
- Prevents “Environmental, Social, and Governance” (ESG) frameworks from being implemented at the Department of the Treasury.* †4
- Prohibits the use of funds in the bill to go towards the creation of a U.S. Central Bank Digital Currency.* †4
- Invests in protecting critical infrastructure against cyber attacks from hostile powers like the Chinese Communist Party.* †5
- Provides \$100 million for the Make America Healthy Again (MAHA) initiative, investing in prevention programs for rural communities, telehealth resources for chronic care, and nutrition services.* †6
- Maintains the longstanding Hyde Amendment and ensuring no federal funding can be used for abortion on demand.* †6

Putting West Virginia First

- An original cosponsor of H.R. 3015, the National Coal Council Reestablishment Act, to reinvest in our natural resources.

Congressman Riley Moore is advocating for West Virginia in his role on the House Appropriations Committee.

- Directs FBI to review and to look for opportunities for expansion of FBI’s Clarksburg CJIS facility.* †1
- Directs the EPA to brief Congress on the federal resources available to communities, including Wyoming and McDowell Counties, that have high prevalence of violations of drinking water regulations.* †7
- Provides robust funding for the operation and administration of the Black Lung Disability Trust Fund at \$90.5 million.* †6
- Restores funding to the Appalachian Regional Commission (ARC), an invaluable resource for West Virginia that creates jobs, combats addiction, trains our workforce, and improves our state’s infrastructure.* †8

- Transfers 72 acres of historic battlefield currently controlled by Customs and Border Patrol to the Harpers Ferry National Historical Park.
- Provides CBP with 25 acres of land which the National Park Service has deemed to have no historical value.
- Allows for the long-awaited expansion of the only facility in the nation capable of training CBP’s management level agents.

Rep. Riley M. Moore
@RepRileyMoore

Thank you @POTUS for your incredible leadership by designating Nigeria as a Country of Particular Concern.

You have always been a champion for Christians around the world, and I'm grateful for the opportunity to work with you and Chairman Cole @houseapprops to defend our brothers and sisters in Christ who are being slaughtered by radical Islamists in Nigeria.

Donald J. Trump
@realDonaldTrump

Christianity is facing an existential threat in Nigeria. Thousands of Christians are being killed. Radical Islamists are responsible for this mass slaughter. I am hereby making Nigeria a "COUNTRY OF PARTICULAR CONCERN" — But that is the least of it. When Christians, or any such group, is slaughtered like is happening in Nigeria (3,100 versus 4,476 Worldwide), something must be done! I am asking Congressman Riley Moore, together with Chairman Tom Cole and the House Appropriations Committee, to immediately look into this matter, and report back to me. The United States cannot stand by while such atrocities are happening in Nigeria, and numerous other Countries. We stand ready, willing, and able to save our Great Christian population around the World!

-Fay from Barbour County

"I got a letter from Social Security stating [the amount of money I was receiving] was all I was entitled to. I tried to get something from my [late] wife's Social Security for five years and got nothing. I contacted Congressman Riley M. Moore's office for some help and help they did. I got survivors benefits and an increase in monthly payments and a cash settlement and I thank Congressman Riley Moore and his team for doing what I couldn't in five years."

-Jim from Berkeley County

"Riley M. Moore and his office staff did a wonderful job getting my mother's VA pension. We received it less than a week later along with backpay after waiting 10 months for it. I would highly recommend contacting them with any problems you have with a government agency [...]!"
