Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Wheeling Gateway Center & Trail Connection in Fiscal Year 2026. The entity to receive funding for this project is the City of Wheeling located at 1500 Chapline Street, Suite 302, Wheeling, WV 26003. The funding would be used for the construction of a building that will house the Wheeling Convention & Visitors Bureau, a West Virginia Tourism outpost, and a heritage center while also constructing a pedestrian and bicycle connection to the Wheeling Heritage trail. The project is an appropriate use of taxpayer funds because it leverages and enhances federal, state, and local investments and ensures the Gateway Center functions as a true multimodal transportation hub. It will support safe, active travel, drive economic growth, and connect residents and visitors to the city's cultural and recreational assets.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Riley Moore". The signature is fluid and cursive, with a long horizontal stroke at the end.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Barbour County Ambulance Authority Station in Fiscal Year 2026. The entity to receive funding for this project is the Barbour County Commission located at 26 N Main Street, Philippi, WV 26416. The funding would be used for the construction of a central hub for county Emergency Medical Services. The project is an appropriate use of taxpayer funds because the new ambulance authority will include space for employees, emergency shelter for the public, community training space, and a distribution point during emergencies.

The project has a federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Riley Moore". The signature is fluid and cursive, with the first name "Riley" being more prominent than the last name "Moore".

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Blackwater Public Service District Regional Sewer System in Fiscal Year 2026. The entity to receive funding for this project is the Tucker County Commission located at 211 First Street, Parsons, WV 26287. The funding would be used to consolidate two wastewater treatment plants (WWTP) into one with the capacity needed to accommodate the current and projected demand in a growing area of Tucker County. The project is an appropriate use of taxpayer funds because the current WWTPs are under tremendous strain from a growing number of residents and tourists. The existing WWTPs frequently exceed their capacity, stalling economic development and construction of much needed affordable housing. Addressing the issue by consolidating the WWTPs into one with a greater capacity to meet growing demands will allow for more housing, tourism, and business development.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Riley Moore". The signature is fluid and cursive, with the first name "Riley" being more prominent than the last name "Moore".

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Bonds Creek Waterline Extension Project 2024W-2630 in Fiscal Year 2026. The entity to receive funding for this project is the City of Pennsboro located at 422 Main Street, Pennsboro, WV 26415. The funding would be used to address water quality issues that include lead and arsenic in the area's drinking water. The project is an appropriate use of taxpayer funds because the current water system issues pose significant risks to public health as well as barriers to economic development in the area.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Riley Moore". The signature is fluid and cursive, with the first name "Riley" being more prominent.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Clarksburg Water Board's Phase 3B Lead Line Replacement and Water Distribution System Improvements in Fiscal Year 2026. The entity to receive funding for this project is the Clarksburg Water Board located at 1001 South Chestnut Street, Clarksburg, WV 26301. The funding would be used to remove existing Lead Service Lines from service as directed by the EPA. The project is an appropriate use of taxpayer funds because the Clarksburg Water Board directly serves more than ten thousand customers, sells water to outlying public service districts, and provides service to a Veterans Nursing Facility, the North Central WV Airport, the Criminal Justice Information Services (CJIS)-FBI, and the Louis A. Johnson VA Medical Center.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the WV Division of Highways District 4 City Bridge Rehabilitation in Fiscal Year 2026. The entity to receive funding for this project is the West Virginia Division of Highways located at 1900 Kanawha Blvd E, Charleston, WV 25305. The funding would be used for the reconstruction and rehabilitation of five city-owned bridges throughout Clarksburg, WV. The project is an appropriate use of taxpayer funds because these bridges must be rehabilitated in order to maintain the city and state road networks.

The project has a federal nexus because the funding provided is consistent with purposes authorized by 23 U.S.C. 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Riley Moore". The signature is fluid and cursive, with the first name "Riley" being more prominent.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Kingwood Senior Citizens Expansion Project in Fiscal Year 2026. The entity to receive funding for this project is Preston County Senior Citizens, Inc. located at 108 Senior Center Drive, Kingwood, WV 26537. The funding would be used for the purchase of a newly constructed facility that will serve as a hub for essential senior services. The project is an appropriate use of taxpayer funds because the current senior center is at-capacity. This relocation will improve services and expand programming by providing a larger space to offer meals and wellness programs while supporting in-home care services for hundreds of seniors in Kingwood.

The project has a federal nexus because the funding provided is for purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Market Street Bridge in Fiscal Year 2026. The entity to receive funding for this project is the West Virginia Division of Highways located at 1900 Kanawha Blvd E, Charleston, WV 25305. The funding would be used for the initial engineering for the full replacement of the Market Street Bridge which carries WV Spur Route 2 across the Ohio River, Ohio Route 7, and Norfolk Southern Railroad. The project is an appropriate use of taxpayer funds because the bridge has been closed for over a year due to unsafe conditions including corrosion and deterioration. The closure has resulted in traffic delays, negative economic impacts on local businesses, and travel challenges for residents and commuters. This project is an early step in helping alleviate those significant disruptions to taxpayers' lives.

The project has a federal nexus because the funding provided is consistent with purposes authorized by 23 U.S.C. 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Marshall University Aviation Martinsburg Expansion in Fiscal Year 2026. The entity to receive funding for this project is Marshall University located at One John Marshall Drive, Huntington, WV 25755. The funding would be used for the construction of expanded facilities for aviation training. The project is an appropriate use of taxpayer funds because the current aviation training facility is at capacity even as the program continues to grow. Expansion of the facility will allow for more workforce training in an area that would benefit economically from the program.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Northern Parkway Improvements in Fiscal Year 2026. The entity to receive funding for this project is the City of Wheeling located at 1500 Chapline Street, Suite 302, Wheeling, WV 26003. The funding would be used for the reconstruction of a critical roadway that has become increasingly unsafe due to decades of subsurface instability. The project is an appropriate use of taxpayer funds because it fully reconstructs an essential connector between Wheeling's Main Street and several residential neighborhoods. Families, school buses, emergency vehicles, and local commuters utilize this road daily, and its deterioration poses serious risk to mobility, emergency response, and quality of life.

The project has a federal nexus because the funding provided is consistent with purposes authorized by 23 U.S.C. 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

I am requesting funding for the Parkersburg Municipal Services Central Garage Facility Modernization in Fiscal Year 2026. The entity to receive funding for this project is the City of Parkersburg located at One Government Square, P.O. Box 1627, Parkersburg, WV 26102. The funding would be used for the construction of a new Central Garage to house essential municipal operations. The project is an appropriate use of taxpayer funds because it enhances safety, capacity, and operational efficiency for core City services, avoids relocation costs, and supports infrastructure modernization and long-term municipal resilience.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the West Virginia University Personal Rapid Transit (PRT) Guideway Rehabilitation Project in Fiscal Year 2026. The entity to receive funding for this project is West Virginia University Research Corporation located at 886 Chestnut Ridge Road, P.O. Box 6845, Morgantown, WV 26506. The funding would be used for critical repairs and rehabilitation of the concrete piers, replacement of deteriorated bearing pads, and repair of any steel girders, cross-members, and topside structure of the PRT. The project is an appropriate use of taxpayer funds because the PRT is the primary mass transit option for WVU students, faculty, staff and Morgantown community members. This project ensures the safety and reliability of a transit system that provides cost-effective, efficient travel while reducing traffic congestion, and parking issues.

The project has a federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

I am requesting funding for the Spencers Landing Development in Fiscal Year 2026. The entity to receive funding for this project is the Wood County Development Authority located at PO Box 1683, Parkersburg, WV 26102. The funding would be used for the removal and deconstruction of concrete and rebar on a former industrial site and general improvements to the area. The project is an appropriate use of taxpayer funds because the area is currently a public safety risk due to the deterioration of the former insulation plant. This project rehabilitates the area to beautify and conserve the land and makes significant improvements through the installation of public utilities. This development will have significant positive economic impact by creating an area available for business and recreation.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

I am requesting funding for the Watson Fire Station Renovation in Fiscal Year 2026. The entity to receive funding for this project is the City of Fairmont located at 200 Jackson Street, Fairmont, WV 26554. The funding would be used for the reconstruction of the Watson Fire Station into a modern, mission-ready facility. The project is an appropriate use of taxpayer funds because it will ensure continued access to essential fire protection and emergency services for the Watson neighborhood, Fairmont State University, the Fairmont Technology Park, and surrounding area.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I am requesting funding for Sewer Improvements and Extension along Corridor H in Fiscal Year 2026. The entity to receive funding for this project is the City of Weston located at 102 West 2nd Street, Weston, WV 26452. The funding would be used to provide basic sewer infrastructure to residents along Corridor H between Weston and Buckhannon. The project is an appropriate use of taxpayer funds because providing sewer service along this route will improve public health outcomes, protect local waterways, and allow for the commercial and industrial development opportunities promised by Corridor H's completion.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.
